

SİVAS BİLİM VE TEKNOLOJİ ÜNİVERSİTESİ / SIVAS UNIVERSITY OF SCIENCE AND TECHNOLOGY
LİSANSÜSTÜ EĞİTİM ENSTİTÜSÜ / GRADUATE EDUCATION INSTITUTE
2025-2026 AKADEMİK YILI GÜZ YARIYILI / 2025-2026 ACADEMIC YEAR FALL SEMESTER
ULUSLARARASI LİSANSÜSTÜ ÖĞRENCİ ALIMI / INTERNATIONAL GRADUATE STUDENT ADMISSION

INTERATIONAL STUDENTS APPLICATION CALENDAR
(Uluslararası Öğrenci Başvuru Takvimi)

Application Dates (Başvuru Tarihleri)	:	July 01 – August 05, 2025
Announcement of Admmission List (Sonuç Listesinin Yayınlanması)	:	August 10, 2025
Sending of Acceptance Letters (Kabul Mektubu Gönderilmesi)	:	August 10-15, 2025
Final Registration Dates (Kesin Kayıt Tarihleri)	:	September 10 – 15, 2025
Registration Location (Kesin Kayıt Adresi)	:	Graduate Education Institute, SBTU Campus Building, 3rd Floor, Gültepe Neighborhood, Mecnun Otyakmaz Street, No:1, Central District / Sivas
Contacts (İletişim)	:	0346 217 04 04 - Whatsapp: 0539 929 01 58 / enstitu@sivas.edu.tr

DOCUMENTS REQUIRED FOR APPLICATION AND REGISTRATION
(Başvuru için Gerekli Belgeler)

In the online application, no physical documents are required to be sent; instead, the following documents will be uploaded to the system (Online başvuruda evrak teslimi yapılmayacak aşağıdaki evraklar sisteme yüklenecektir)

1	Application Form (For applications by mail or by hand)
2	For master's programs, a Turkish or English version of the bachelor's degree (or graduation certificate) and transcript, certified by a diplomatic mission, notary public, or sworn translator, is required.
3	For doctoral programs, a Turkish or English version of both the undergraduate and graduate diplomas (or graduation certificates) and transcripts, certified by a diplomatic mission, notary public, or certificated translator, is required.,
4	Candidates applying to doctoral programs must have obtained a minimum score of 55 on the central foreign language exams (in English) administered by YÖK or ÖSYM, or an equivalent score from international language exams recognized by YÖK or ÖSYM. Candidates who do not possess one of these documents must fulfill the language requirement by the end of the coursework phase. Students who fail to submit their foreign language score within the specified period will be dismissed from the Institute.
5	Copy of the identity page of the passport, along with a Turkish or English translation certified by a diplomatic mission, notary public, or sworn translator.
6	TÖMER Certificate (If any)
7	School Recognition Certificate (Okul Tanıma Belgesi)
8	Passport-size photograph. (1)
9	Clarification Text and Explicit Consent Form (Aydınlatma Metni ve Açık Rıza Metni)

Note:

- 1- For students who have been admitted and completed final registration, the relevant provisions of the YÖK Postgraduate Education Regulation, the SBTU Postgraduate Education Regulation, the SBTU Directive on the Admission of International Student Candidates to Postgraduate Programs, and the decisions of the University Senate or the Institute's Board of Directors shall apply.
- 2- Each candidate may apply to only one graduate program
- 3- Applications sent by postal mail or courier that do not reach our University within the application deadlines will not be considered. The candidate is responsible for applications sent by cargo/courier that do not reach our University.
- 4- The required information and documents for final registration will be announced along with the results. Applications of those who submit falsified documents or make inaccurate statements during final registration will be canceled, and legal action will be initiated against them.

A) ULUSLARARASI ÖĞRENCİ KABUL ŞARTLARI / INTERNATIONAL STUDENT ACCEPTANCE REQUIREMENTS

Anabilim Dalı Department	Eğitim Dili Education language	Program Türü Type of program	Başvuru Özel Şartları / Application Special Conditions
Computer Engineering (Bilgisayar Mühendisliği)	İngilizce/English	Yüksek Lisans / Master's Program	To apply to the Master's program in Computer Engineering; Computer Engineering, Software Engineering, Artificial Intelligence Engineering, Department of Defense Technologies, Electrical and Electronics Engineering, Electronic Engineering, Electrical and Computer Engineering, Electronics and Communication Engineering, Telecommunication Engineering, Communication Engineering, Mechatronics Engineering, Control and Automation Engineering, Industrial Engineering, Management Information Systems; have a bachelor's degree from one of the programs or any related field.
Computer Engineering (Bilgisayar Mühendisliği)	İngilizce/English	Doktora / Doctoral Program	To apply to the Doctoral program in Computer Engineering; Computer Engineering, Software Engineering, Artificial Intelligence Engineering, Department of Defense Technologies, Electrical and Electronics Engineering, Electronic Engineering, Electrical and Computer Engineering, Electronics and Communication Engineering, Telecommunication Engineering, Communication Engineering, Mechatronics Engineering, Control and Automation Engineering, Industrial Engineering, Management Information Systems; have a Master's degree from one of the programs or any related field.
Plant Production and Technologies (Bitkisel Üretim ve Teknolojileri)	Türkçe/Turkish	Yüksek Lisans / Master's Program	To apply the Master's program in Plant Production and Technologies; Field Crops, Horticulture, Plant Protection, Soil Science and Plant Nutrition, Biotechnology Bioengineering, Plant Production and Technologies, Molecular Genetics have a bachelor's degree from one of the programs or any related field.
Plant Production and Technologies (Bitkisel Üretim ve Teknolojileri)	Türkçe/Turkish	Doktora / Doctoral Program	To apply the Doctorate program in Plant Production and Technologies; Field Crops, Horticulture, Plant Protection, Soil Science and Plant Nutrition, Biotechnology Bioengineering, Plant Production and Technologies, Molecular Genetics have a Master's degree from one of the programs or any related field.
Plant Protection (Bitki Koruma)	Türkçe / Turkish	Doktora / Doctoral Program	To apply for the Plant Protection Doctoral program; Entomology, Plant Pathology/Phytopathology, Field Crops, Horticulture, Plant Production and Technologies, Agricultural biotechnology, Agricultural Genetic Engineering, Soil Science and Plant Nutrition, Molecular Biology and Genetics have a Master's degree from one of the programs or any related field.
Electrical-Electronic Engineering (Elektrik-Elektronik Mühendisliği)	İngilizce/English	Yüksek Lisans / Master's Program	To apply to the Master's program in Electrical and Electronics Engineering; Electrical Engineering, Electrical & Electronic Engineering, Electronic Engineering, Electrical and Computer Engineering, Electronics and Communication Engineering, Telecommunications Engineering, Communications Engineering, Biomedical Engineering, Mechatronics Engineering/ Mechatronics, Computer Engineering/Science have a bachelor's degree from one of the programs or any related field.
Electrical-Electronic Engineering (Elektrik-Elektronik Mühendisliği)	İngilizce/English	Doktora / Doctoral Program	To apply to the Doctoral program in Electrical and Electronics Engineering; Electrical Engineering, Electrical & Electronic Engineering, Electronic Engineering, Electrical and Computer Engineering, Electronics and Communication Engineering, Telecommunications Engineering, Communications Engineering, Biomedical Engineering, Mechatronics Engineering/ Mechatronics, Computer Engineering, Science Defense Engineering and Technology, Defense Systems Engineering, Defense and Weapons Technology, Defense and Security, Defense and Security Systems; have a Master's degree from one of the programs or any related field.
Defense Technologies (Savunma Teknolojileri (Disiplinlerarası))	Türkçe / Turkish	Yüksek Lisans / Master's Program	To apply for the Defense Technologies Master's program; Computer Engineering, Computer Science, Electrical Engineering, Electrical & Electronic Engineering, Electronic Engineering, Electrical and Computer Engineering, Electronics and Communication Engineering, Telecommunications Engineering, Communications Engineering, Biomedical Engineering, Mechatronics Engineering, Mechatronics, Chemical Engineering, Chemistry, Chemical and process engineering, Material Engineering, Manufacturing Engineering, Metallurgical and Materials Engineering, Mechanical Engineering, Materials Engineering, Materials Science and Engineering, Physics, Chemistry, have a bachelor's degree from one of the programs or any related field.

Defense Technologies (Savunma Teknolojileri) (Interdisciplinary)	Türkçe / Turkish	Doktora / Doctoral Programme	To apply for the Defense Technologies Doctoral program; Computer Engineering, Computer Science, Electrical Engineering, Electrical & Electronic Engineering, Electronic Engineering, Electrical and Computer Engineering, Electronics and Communication Engineering, Telecommunications Engineering, Communications Engineering, Biomedical Engineering, Mechatronics Engineering, Mechatronics, Defense Engineering and Technology, Defense Systems Engineering, Defense and Weapons Technology, Defense and Security, Defense and Security Systems, Chemical Engineering, Chemistry, Chemical and process engineering, Material Engineering, Mechanical Engineering, Manufacturing Engineering, Mechatronics Engineering, Metallurgical and Materials Engineering, Materials Science and Engineering, Physics, Chemistry, have a Master's degree from one of the programs or any related field.
Mechanical Engineering (Makine Mühendisliği)	İngilizce/English	Yüksek Lisans / Master's Programme	To apply for the Mechanical Engineering Master's program; Faculty of Mechanical Engineering, Manufacturing Engineering, Mechatronics Engineering, Energy Systems Engineering, Metallurgical/Materials Engineering, have a bachelor's degree from one of the programs or any related field.
Aeronautical Engineering (Uçak Mühendisliği)	İngilizce/English	Yüksek Lisans / Master's Programme	To apply to the Master's program in Aeronautical Engineering; “Energy Systems Engineering”, “Physics Engineering”, “Aerospace Engineering”, “Aerospace Engineering”, “Manufacturing Engineering”, “Mechanical Engineering”, “Mechatronics Engineering”, “Materials Science and Engineering”, “Metallurgical and Materials Engineering” ", "Nanotechnology Engineering", "Aeronautical Engineering", "Aerospace Engineering", "Aerospace Engineering", "Electrical - Electronics Engineering", "Electronics and Communication Engineering" have a bachelor's degree from one of the programs or any related field.
